Morehead, Ky., July 17.—An event of unusual importance is the annual reunion of the Caudill family, which takes place at Wagner, this county, Saturday at the old home of Abel Caudill. The family is well known throughout the State, both for its size and the prominence of its members in the business world. The immediate family consists of father, 10 grown sons and five married daughters. This family has been unusually

fortunate, having never lost a member by death. Once a year they gather from their homes in distant States beneath the family roof-tree and celebrate the occasion with feasts and merrymaking.

Wayne, W. Va., had a fire recently which destroyed the large building owned by A. J. Dickerson and occupied by him as a hotel; also a grocery by Jesse Skaggs and a jewelry shop by George C. McCoy; Pete Hammes as a job printing office and Mrs. Mary Williams as a millinery shop.

Mr. Skaggs saved a part of his goods, Mr. McCoy saved all his jewelry, but the printing material and the stock of millinery were consumed. Mrs. Williams lost all her clothes and barely escaped with her life. The building which was probably worth \$2,500 was insured for 1,000. Mr. Skaggs had \$1,500 insurance on his stock.

Harvy Howard, 20, of Grayson, Ky., and Miss Lora Kelsner, 18, of the same place, made application for a marriage license. The young man, being under the required age, was too honorable to make a false statement and told his age.

Being informed that he was under the age required by the laws of Ohio, he was not yet discouraged, but made application for the appointment of a guardian. John T. McKnight was appointed and readily gave his consent.

Thereupon a license was procured and Squire Neal performed the ceremony which linked their fortunes for life and they went on their way rejoicing.—Iron-ton Register.

Willard, Ky., July 15.—Mrs. Elizabeth Prater, aged 79 years, who makes her home with her daughter, Mrs. D. F. Webbe, was left sitting on the porch of their home about 6:30 o'clock last evening by the balance of the family, who had just gone out for a short stroll in the cool of the evening when she was surprised by hearing a noise upstairs. Being aroused by the noise, she pulled her feeble form up stairs in the direction of the noise, and, to her surprise, she beheld a large blacksnake, which had just devoured a nest of young birds and had fallen out on the floor for rest and recreation. Mrs. Prater is unable to tell just how she got down the stairs, but people who saw her coming to a nearby store for help, say she walked as brisk as a girl of sixteen. Two young men responded to her call and killed the snake, which measured five feet eight inches in length.

Heart Strength

Heart strength, or Heart Weakness, means Nerve strength, or Nerve Weakness—nothing more. Few, however, not one weak heart in a hundred is, in itself, actually diseased. It is almost always a hidden day little nerve that really is all at fault. This obscure nerve—the Cardiac, or Heart Nerve—simply needs, and must have, more power, more stability, more controlling, more governing strength. Without that the heart must continue to fail, and the stomach and kidneys also have these same controlling nerves.

This clearly explains why a medicine, Dr. Shoop's Restorative has in the past done so much for weak and ailing hearts. Dr. Shoop first sought the cause of all this painful, palpitating, suffocating heart distress. Dr. Shoop's Restorative—this popular prescription—is alone directed to those weak and ailing nerve centers. It builds; it strengthens; it does real, genuine heart help. If you would have strong hearts, strong digestion, strengthened those nerves—re-establish them as needed, with

GOOD CLOTHES

Do Not Make the Man, But

You are mainly judged by appearance. If you dress shabbily, you effect a lack of refinement, taste and worth. Do not foolishly think it is economical to wear an out-of-season suit because your friends in the business and social world do not approve that kind of economy. A good suit of clothes is an investment which will pay you big dividends in prestige, respect and admiration. All these are worth having and the trifle you think you are saving by hanging on to a thread-bare, shabby suit is really a loss. In spite of a financial depression clothing is better in quality, style, fit and finish than it ever has been. Take advantage of the reasonable, economical prices which obtain here and dress well. It pays in the long run to have a good wardrobe. Do not be an exception.

Come into our store when you are in need of clothing which counts for something in quality. There is distinction to our clothing and every garment is a paragon of excellence. We can supply your need in furnishings. Try us if you would have entire satisfaction.
